TIPS FOR BOOKING TRAIN TICKETS:

1	Book ticket on the reservation opening day itself.
2	If tickets are not available at your station quota, check availability of next intermediate stations of the same train & book two break journey tickets. But the seats may be in different coaches and need to shift the coach at the intermediate station.
3	Finally, Book ticket from originating station of the particular train till final reaching station of the particular train. This will cost more. Don't forget to change the boarding point of the ticket afterwards to your boarding station.
